Request for Proposals for a Consultant to focus on HIV Prevention for the Development of the South African National Strategic Plan for HIV, TB and STI's 2023 - 2028

1) Background

The South African National AIDS Council (SANAC) brings together government, civil society, and the private sector to create a collective response to HIV, TB and STIs in South Africa (SA). SANAC released the fourth National Strategic Plan (NSP) for Human Immunodeficiency Virus (HIV), Tuberculosis (TB) and Sexually Transmitted Infections (STIs) in 2017. The five-year plan (2017–2022), guides the multi-sectoral implementation of strategies to address the impact of HIV, TB and STIs. The NSP also contributes to the efforts of reaching the health-related and other relevant targets of the Sustainable Development Goals (SDGs), including universal health coverage.

The country is embarking on the development of a 5th generation of the NSP for HIV, TB and STIs 2023 – 2028. The NSP is the key document to the country's response to HIV, TB and STIs, since it will take the country towards the target of ending AIDS as a public health threat by 2030. The NSP for HIV, TB and STIs 2023 – 2028 needs to respond to prevalent issues, be agile, radical, and should align with the 4th industrial revolution implications. The NSP for HIV, TB and STIs 2023 – 2028 should provide a sense of renewed hope to people infected and affected by HIV, reflect highly effective and high-impact interventions backed by evidence-informed analysis, to enable the achievement of the UNAIDS 95-95-95 targets. The UNAIDS 95-95-95 will propel the country towards the achievement of the agenda 2030 goals.

P.O. Box 13912, HATFIELD, 0028 | 2nd Floor, Block E, Hatfield Gardens, 333 Grosvenor Street, Hatfield, PRETORIA, 0028, Tel: +27 012 748 1000,
Fax: +27 086 667 8894

VAT No.: 496 026 5751

2) Purpose of the Consultancy

SANAC seeks the services of a consultant for the development of the NSP for HIV, TB and STIs 2023 – 2028 focusing on HIV Prevention. The consultant will work in collaboration with the SANAC Secretariat, based at Hatfield, Pretoria. The HIV Prevention consultant should ensure that the NSP document contains all the critical components of the response to the three epidemics, that must be consistent, sound and backed by cutting edge scientific evidence. Several themes have been identified that need to form the backbone of the NSP for HIV, TB and STIs 2023 – 2028 including emphasis on its governance, interphase with regional and local level planning, the placement of communities at the centre of the response, the sustainability of efforts, applying the inequality lens in addressing social and structural determinants of the epidemics, increased focus on TB elimination efforts, and incorporation of lessons learnt and leveraging on efforts made during the response to the COVID-19 pandemic.

The general objective of the consultancy is to work in collaboration with lead writer, the expert consultants and technical working groups (TWGs) to develop the NSP for HIV, TB and STIs 2023 - 2028. The expert consultants will each lead the consultations and writing of the following technical components of the new NSP:

- ✓ HIV prevention
- ✓ HIV treatment and care
- ✓ TB
- ✓ STI's
- ✓ Costing and Finance
- ✓ Monitoring and Evaluation
- ✓ Governance and Leadership
- ✓ Key Populations for HIV, TB and STI's
- ✓ Vulnerable Populations for HIV, TB and STI's
- ✓ Human Rights

P.O. Box 13912, HATFIELD, 0028 | 2nd Floor, Block E, Hatfield Gardens, 333 Grosvenor Street, Hatfield, PRETORIA, 0028, Tel: +27 012 748 1000,
Fax: +27 086 667 8894

VAT No.: 496 026 5751

✓ Social and Structural Drivers

3) Scope of Work

The SANAC Secretariat seeks to engage a consultant to work closely with the Lead Writer, Expert Consultants to ensure the production of a clear logical NSP for HIV, TB and STIs 2023 – 2028. The Consultant will lead the development and finalisation of the HIV Prevention component through bringing programme design processes and previous experience from developing and writing successful integrated, multi-sectoral, proposals involving several stakeholders and donors. The HIV Prevention consultant will:

- Ensure that HIV prevention is highlighted, and efforts are intensified given the reduction in funding and focus to prevent new HIV infections have lagged. The HIV epidemic cannot be reversed without strong sustained success in preventing new HIV infections.
- Clear articulation of the most effective mix of behavioural, biomedical, and structural interventions appropriate for the characteristics of the HIV epidemic and the population groups that are most affected or most at risk.
- Analyse the current national response and identify improvements in availability, access, utilization, and coverage of services that resulted in decreased rates of HIV infection.
- Review the status of HIV prevention programme implementation, financing, and identify most effective package prioritisation for scale up to prevent new HIV infections.
- Ensure inclusion of prevention initiatives, screening and testing, diagnostic and treatment interventions to address HIV programmes, existing interventions that need strengthening or expansion and interventions that should be introduced.
- Build on available prevention assessments and data (including prevention score cards for Global Prevention Coalition member countries)

P.O. Box 13912, HATFIELD, 0028 | 2nd Floor, Block E, Hatfield Gardens, 333 Grosvenor Street, Hatfield, PRETORIA, 0028, Tel: +27 012 748 1000,
Fax: +27 086 667 8894

VAT No.: 496 026 5751

- Set programmatic coverage, outcome, and impact targets for the relevant pillars of prevention that are based on a sound results chain and plausible quantification (scale) to achieve the expected impact
- Define specific access barriers to HIV prevention and implementable strategies to address them
- Define the division of labour in HIV prevention, including leadership and management functions and identifies capacity development needs relative to prevention
- Highlight details of implementation and scaling up of human papillomavirus (HPV) vaccination in and outside school settings for girls (age range according to national or WHO guidelines)
- Work closely with the lead technical team to ensure the HIV Prevention component is captured and expressed concisely and accurately in the relevant parts of the draft and final NSP e.g. Monitoring and Evaluation Plan.
- Work as a member of the lead technical team to develop formats for collection, collation, and analysis of data to ensure optimum contribution from all stakeholders and development of the NSP for HIV, TB and STIs 2023 – 2028 as a full document with the necessary attachments.
- Participate in NSP meetings, dialogues/consultations, and technical task team meetings to be able to accurately capture the comprehensive overall picture being built up as well as the details in the NSP document.
- Write up and fully capture the inputs by stakeholders into a comprehensive plan to address HIV Prevention that can be incorporated by the lead writer into different chapters of the NSP.
- Contribute to communication pieces and presentation to be used for various stakeholders throughout the development of the NSP.

P.O. Box 13912, HATFIELD, 0028 | 2nd Floor, Block E, Hatfield Gardens, 333 Grosvenor Street, Hatfield, PRETORIA, 0028, Tel: +27 012 748 1000,
Fax: +27 086 667 8894

VAT No.: 496 026 5751

- Adjust the report and presentation for peer review before making final inputs and sharing as part of consultation and dialogue.
- Complete all HIV Prevention sections for different key and vulnerable populations throughout the NSP document.
- Assist the lead writer to maintain a complete and accurate reference list.
- Develop a presentation and shortened report that summarises above in an easy-to-read format and present this to the relevant stakeholders.

4) Deliverables

The HIV Prevention consultant will present the methodology and working arrangements to the SANAC Secretariat and NSP reference group within two weeks of appointment. The work will be remunerated based on actual time worked substantiated by high quality documents as proof of work done by the consultant, meeting attendance and participation, as approved by SANAC Secretariat procurement procedures.

5) Timeframe

The level of effort expected is to be a maximum of 120 days. This will spread over the ten (10) months from the contract's commencement date, which is anticipated to be from 1 April 2022.

6) Qualifications and Experience

- At least a Master's level university degree in Public Health, Social Sciences or other relevant disciplines;
- Extensive knowledge of the HIV and STI epidemics, including sexual and reproductive health in South Africa and the region.

P.O. Box 13912, HATFIELD, 0028 | 2nd Floor, Block E, Hatfield Gardens, 333 Grosvenor Street, Hatfield, PRETORIA, 0028, Tel: +27 012 748 1000,
Fax: +27 086 667 8894

VAT No.: 496 026 5751

- Strong understanding of HIV and STI programming, including the need to focus on gender issues, key populations, and human rights.
- Minimum 10 years progressively responsible professional work experience at in HIV and STI programming and policy development.
- Relevant previous experience in reviewing HIV and STI programmes with a focus on STI projects.
- Experience in leading or being a major contributor to the writing of HIV and STI programme documents.
- Strong track record of technical writing and editing high-level documents in English on HIV, TB and STIs prevention related strategies with a quality high standard under tight deadlines.
- Research and publication experience in the HIV Prevention field.
- Knowledge and / or understanding of the SANAC and its stakeholders, with strong stakeholder management skills and experience working at different levels of the South African Government Structure, will be an advantage

7) Core Competencies:

- Computer skills (e.g. Microsoft Word, Excel, Access), and applicable financial systems / applications / statistical analysis / software
- High degree of integrity, and highly organized and good analytical skills
- Excellent networking, oral and written communication, presentation, and reporting skills
- Fluency in written and spoken English is an absolute necessity

8) Functional Competencies:

- Support the preparation of information for advocacy
- Contributing to results through provision of information

P.O. Box 13912, HATFIELD, 0028 | 2nd Floor, Block E, Hatfield Gardens, 333 Grosvenor Street, Hatfield, PRETORIA, 0028, Tel: +27 012 748 1000,
Fax: +27 086 667 8894

VAT No.: 496 026 5751

- Generates new ideas and proposes new, more effective ways of doing things
- Ability to work under pressure and adhere to deadlines.

9) Supervision

The consultant will be supervised by the Lead Writer and Executive manager: NSP Implementation Unit, who will work closely with the consultant to discuss the work and the review drafts and the final product.

10) Proposal Format

A detailed proposal in response to this ToR is due on **Wednesday 30 March 2022 by 16h00pm** containing all the information required to evaluate the bid against the requirements stipulated in these terms of reference document. Please send your proposals to beullah@sanac.org.za the following should be attached to the proposal as annexures:

- i) Annexure A: Technical Proposal demonstrating ability to complete the assignment and produce a quality document as per scope of work detailed above
- ii) Annexure B: Summary of experience. Please attach CVs of proposed team members, where applicable which show the range of similar assignments they have undertaken and the size of these assignments, three letters of reference or other means of verifying experience
- iii) Annexure C: Summary details of proposed team
- iv) Annexure D: Pricing information. Price proposals should include VAT and should be fully inclusive of ALL costs to deliver the outputs indicated in the terms of reference.
