Request for Proposals for a Social and Structural Drivers Consultant for the Development of the South African National Strategic Plan for HIV, TB and STI's 2023 - 2028

1) Background

The South African National AIDS Council (SANAC) brings together government, civil society, and the private sector to create a collective response to HIV, TB and STIs in South Africa (SA). SANAC released the fourth National Strategic Plan (NSP) for Human Immunodeficiency Virus (HIV), Tuberculosis (TB) and Sexually Transmitted Infections (STIs) in 2017. The five-year plan (2017–2022), guides the multi-sectoral implementation of strategies to address the impact of HIV, TB and STIs. The NSP also contributes to the efforts of reaching the health-related and other relevant targets of the Sustainable Development Goals (SDGs), including universal health coverage.

The country is embarking on the development of a 5th generation of the NSP for HIV, TB and STIs 2023 – 2028. The NSP is the key document to the country's response to HIV, TB and STIs. since it will take the country towards the target of ending AIDS as a public health threat by 2030. The NSP for HIV, TB and STIs 2023 – 2028 needs to respond to prevalent issues, be agile, radical, and should align with the 4th industrial revolution implications. The NSP for HIV, TB and STIs 2023 – 2028 should provide a sense of renewed hope to people infected and affected by HIV, reflect highly effective and high-impact interventions backed by evidence-informed analysis, to enable the achievement of the UNAIDS 95-95-95 targets. The UNAIDS 95-95-95 will propel the country towards the achievement of the agenda 2030 goals.

2) Purpose of the Consultancy

P.O. Box 13912, HATFIELD, 0028 | 2nd Floor, Block E, Hatfield Gardens, 333 Grosvenor Street, Hatfield, PRETORIA, 0028, Tel: +27 012 748 1000,
Fax: +27 086 667 8894

VAT No.: 496 026 5751

SANAC seeks the services of a Consultant for the development of the NSP for HIV, TB and STIs 2023 – 2028 focusing on the social and structural determinants that are fuelling the three epidemics. The consultant will work in collaboration with the SANAC Secretariat, based at Hatfield, Pretoria.

- The Consultant need to ensure that the Goal on social and structural drivers is clearly described, articulated, and defines the focus areas towards addressing main barriers of HIV epidemics.
- The social and structural drivers of the NSP document should address all the critical components that are putting people at risk of the of the three epidemics.
- The development of this goal and the entire NSP document should put emphasis on the community centric approach, with great consideration of the intersectionality and application of the inequality lens.
- These, that must be consistent, sound and backed by cutting edge scientific evidence.
- Several themes have been identified as necessary to form the backbone of the NSP for HIV, TB and STIs 2023 – 2028 including emphasis on its governance, interphase with regional and local level planning, the placement of communities at the centre of the response, the sustainability of efforts, applying the inequality lens in addressing social and structural determinants of the epidemics, increased focus on TB elimination efforts, and incorporation of lessons learnt and leveraging on efforts made during the response to the COVID-19 pandemic.

The general objective of the consultancy is to work in collaboration with Lead writer, other Expert Consultants and Technical Working Groups (TWGs) to develop a well-costed NSP for HIV, TB and STIs 2023 - 2028.

P.O. Box 13912, HATFIELD, 0028 | 2nd Floor, Block E, Hatfield Gardens, 333 Grosvenor Street, Hatfield, PRETORIA, 0028, Tel: +27 012 748 1000,
Fax: +27 086 667 8894

VAT No.: 496 026 5751

3) Scope of Work

The SANAC Secretariat seeks to engage a consultant to work closely with the Lead Writer, Expert Consultants to ensure the production of a clear logical NSP for HIV, TB and STIs 2023 – 2028. The Consultant will lead the development and finalisation of the social and structural drivers component through bringing programme design processes and previous experience from developing and writing successful integrated, multi-sectoral, proposals involving several stakeholders and donors. The consultant will lead the consultations on the following technical areas of the NSP for HIV, TB and STIs 2023 – 2028.

The consultant will undertake the following assignment:

- Using the existing literature relevant to the South African context and existing evidence-based programmes in leadership and participation of NSP development to decision making mechanisms or processes as well their access to human rights.
- Map social and structural drivers of the HIV, TB and STIs epidemics relevant to the South African context that undermine the HIV and AIDS response in the country.
- Categorise the drivers according to context and level of vulnerability in relation to power imbalances, harmful and cultural norms, and economic dependence.
- Identify effective interventions using the examples of evidence-based programmes to address inequalities and causing vulnerabilities on NSP for HIV, TB and STIs 2023 – 2028. These should be packaged in a manner that complement the existing biomedical interventions.
- Identify and unpack the responsibilities of the key role-players and institutions in the delivery of social and structural interventions to mitigate the HIV epidemic in South Africa, outlining their respective roles and responsibilities, and propose

P.O. Box 13912, HATFIELD, 0028 | 2nd Floor, Block E, Hatfield Gardens, 333 Grosvenor Street, Hatfield, PRETORIA, 0028, Tel: +27 012 748 1000,
Fax: +27 086 667 8894

VAT No.: 496 026 5751

practical methods and solutions to ensure they effectively deliver they deliver on their mandates to the national HIV and AIDS response.

- Conduct an analysis of source of funding and develop a costing exercise to address the identified mitigating initiatives.
- Develop a monitoring and evaluation framework and tools to track progress in the delivery of SSD interventions.

4) Deliverables

The SSD consultant will present the methodology and working arrangements to the SANAC Secretariat and NSP reference group within two weeks of appointment. The work will be remunerated based on actual time worked substantiated by high quality documents as proof of work done by the consultant, meeting attendance and participation, as approved by SANAC Secretariat procurement procedures.

5) Timeframe

The level of effort expected is to be a maximum of 120 days. This will spread over the ten (10) months from the contract's commencement date, which is anticipated to be from 1 April 2022.
