CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete

TERMS OF REFERENCE**Terms of Reference (ToRs) for the End Term Review of the National Strategic Plan (NSP) for HIV, TB and STIs 2017-2022****1. Background**

South Africa's National Strategic Plan (NSP) for HIV, TB and STIs 2017-2022 is the country's fourth comprehensive strategic plan that outlines the implementation of the country's multi-sectoral response on prevention and management of HIV and AIDS, TB and STIs over five years.

The end of the financial year 2021/2022 marks the final year of the implementation of the current NSP for HIV, TB and STIs (2017-2022). SANAC conducted the Mid-Term Review (MTR) of the current NSP (2017-2022) by June 2020 and the findings depicted non-achievement of some of the outcome and impact indicators tracked in the NSP. Based on the non-achievement and the impact of Covid-19 in service delivery, the South African Cabinet decided to defer the implementation of the NSP (2017-2022) to the end of March 2022. In accelerating the implementation process of the NSP, the country undertook the development of the catch up plan. Therefore, it is imperative to review the implementation of the NSP for the 5 year period.

The goals and objectives of the NSP are as follows:

Goal 1: Accelerate Prevention to reduce New HIV, TB and STI Infections

1. *Reduce new infections to less than 88,000 by 2020 through combination prevention interventions*
2. *Reduce TB incidence by at least 30%, from 834/100,000 population in 2015 to less than 584/100,000 by 2022*
3. *Significantly reduce *T Pallidum*, gonorrhoea and chlamydia infection, to achieve the virtual elimination of congenital syphilis and maintain high coverage of HPV vaccination*

Goal 2: Reduce Morbidity and Mortality by providing treatment, care and adherence support for all

- 2.1. *Implement the 90-90-90 strategy for HIV*
- 2.2. *Implement the 90-90-90 strategy for TB*

Goal 3: Reach all key and vulnerable populations with customised and targeted interventions.

Goal 4: Address the social and structural drivers of HIV, TB and STIs and link these efforts to the National Development Plan (NDP).

- 4.1. Implement social and behaviour change programmes to address key drivers of the epidemic and build social cohesion*
- 4.2. Increase access to and provision of services for all survivors of sexual and gender-based violence in the 27 priority districts*
- 4.3. Scale up access to social protection for people at risk of and those living with HIV and TB in priority districts.*
- 4.4. Implement and scale up a package of harm reduction interventions for alcohol and substance use in all districts*
- 4.5. Implement economic strengthening programmes with a focus on youth in priority focus districts*
- 4.6. Address the physical building structural impediments for optimal prevention and treatment of HIV, TB and STIs*

Goal 5: Ground the response to HIV, TB and STIs in human rights principles and approaches

- 5.1 Reduce stigma and discrimination among people living with HIV or TB by half by 2022*

Goal 6: Promote Leadership and shared accountability for a sustainable response to HIV, TB and STI's

- 6.1 Strengthen AIDs Councils to provide effective coordination and leadership of all stakeholders for shared accountability in the implementation of the NSP*
- 7.1 Improve collaboration and coordination between government civil society, development partners and private sector.*

Goal 7: Mobilise resources and maximise efficiencies to support the achievement of the NSP goals and ensure a sustainable response

Goal 8: Strengthen strategic information to drive progress towards achievement of NSP Goals

- 8.1 Rigorously monitor and evaluate implementation and outcomes*
- 8.2 Establish a coordinated and funded National Surveillance system to generate periodic estimates of HIV, TB and STI measures in the general population and key/vulnerable populations to inform programmes implementation*

2. Rationale

The overall goal of NSP End Term Review (ETR) is to provide an in-depth analysis of the implementation of the NSP with a specific focus on progress made towards achieving the targets set for each of the eight goals over the five-year implementation period. The review is intended to illustrate emerging issues and opportunities, lessons learned, gaps and challenges encountered during the implementation of the NSP. The ETR findings will form integral part of the development of the new NSP (2023-2028) process.

2.1 Scope of the End Term Review

The objectives of the ETR are to:

- a) Assess the extent to which the NSP HIV, TB & STIs 2017-2022 has achieved its intended goals.
- b) Illustrate actual performance against set targets, including emerging trends over the five-year implementation period.
- c) Assess factors (in design, implementation, and others) that have contributed to or impeded the achievement of expected outcomes and outputs.
- d) Investigate and document the nature of the innovative, holistic, and scalable models applied by different stakeholders (What was the model? What was its unique proposition compared to other similar projects?).
- e) Assess and provide clear, practical and specific recommendations to improve identified impediments to the current NSP implantation
- f) Articulate best practices for possible replication of interventions and an improvement in the development of focused, clear and meaningful NSP goals and objectives.

3. Methodology

The evaluation will employ a Utilisation-Focused Evaluation (UFE) participatory approach to ensure that data can be sufficiently triangulated to deliver aggregate judgments and to allow project stakeholders learnings and ownership for project improvement in areas identified. Consultation meetings on the draft report to be convened with to all SANAC stakeholders at different levels (National, Province, District).

5. Final Deliverables

The consultants will prepare the draft and final evaluation/feasibility reports that describe the methodology (briefly), findings, recommendations, and lessons. Summary infographic report for sharing with various users including high-level stakeholders, as follows

- A soft copy of a Summary report with infographics

1. Definitions

1. The following terms shall be interpreted as indicated:

- 1.1 **"Acceptable bid"** means any bid, which, in all respects, complies with the specifications and conditions of the bid as set out in the bid document.
- 1.2 **"Bid"** means a written offer in a prescribed or stipulated form in response to an invitation by an organ of State for the provision of goods, works or services.
- 1.3 **"Black enterprise"** means an enterprise that is 50,1% owned by black persons and where there is substantial management control. Ownership refers to economic interest while management refers to the membership of any board or similar governing body of the enterprise.
- 1.4 **"Black empowered enterprise"** means an enterprise that is at least 25,1% owned by black persons and where there is substantial management control. Ownership refers to economic interests. Management refers to executive directors. This is whether the black enterprise has control or not.
- 1.5 **"Black people"** includes all African, Coloured or Indian persons who are South African citizens by birth or by descent or who were naturalised prior to the commencement of the constitution in 1993. In addition, the term also includes black people who became South African citizens after the constitution's commencement but who would have been able to be naturalised prior to this, were it not for the Apartheid laws which prohibited naturalisation of certain persons. This means that an African, Coloured or Indian person who was not a South African citizen before the commencement of the constitution in 1993 but who would have been entitled to apply to be naturalised prior to 1993, will also be considered a black person and therefore a beneficiary of BEE.
- 1.6 **"Black woman-owned enterprise"** means an enterprise with at least 25,1% representation of black women within the black equity and management portion.
- 1.7 **"Closing time"** means the date and hour specified in the bidding documents for the receipt of bids.
- 1.8 **"Comparative price"** means the price after the factors of a non-firm price and all unconditional discounts that can be utilised have been taken into consideration.
- 1.9 **"Community or broad-based enterprise"** means an enterprise that has an empowerment shareholder who represents a broad base of members such as a local community or where the benefits support a target group, for example black women, people living with disabilities, the youth and workers. Shares are held via direct equity, non-profit organisations and trusts.

Benefits from the shareholding should in a measurable sense be directed towards the uplifting of the community through job creation, welfare, skills development, entrepreneurship and human rights. At the same time, directors and management of groups should significantly comprise black persons.

These arrangements are appropriate in situations where the activities or operations of an enterprise or industry directly impact on a community or are located in a community, or may benefit a community. Notable examples are large industrial projects, mining and tourism. Other instances, which do assist in broadening the shareholder base, are employee share ownership schemes; these are a viable empowerment shareholder option. In this and other circumstances, these arrangements should not detract from the ability of the shareholder to exercise significant influence or control over the operations of the business.

1.10 "**Consortium or joint venture**" means an association of persons for the purpose of combining their expertise, property, capital, efforts, skills and knowledge in an activity for the execution of a contract.

1.11 "**Contract**" means the written agreement entered into between the purchaser and the supplier, as recorded in the contract form signed by the parties, including all attachments and appendices thereto and all documents incorporated by reference therein.

1.12 "**Contract price**" means the price payable to the supplier under the contract for the full and proper performance of his contractual obligations.

1.13 "**Control**" means the possession and exercise of legal authority and power to manage the assets, goodwill and daily operations of a business and the active and continuous exercise of appropriate managerial authority and power in determining the policies and directing the operations of the business.

1.14 "**Co-operative or collective enterprise**" is an autonomous association of persons who voluntarily join together to meet their economic, social and cultural needs and aspirations through the formation of a jointly-owned enterprise and democratically controlled enterprise.

1.15 "**Corrupt practice**" means the offering, giving, receiving, or soliciting of any thing of value to influence the action of a public official in the procurement process or in contract execution.

1.16 "**Countervailing duties**" are imposed in cases where an enterprise abroad is subsidized by its government and encouraged to market its products internationally.

1.17 "**Country of origin**" means the place where the goods were mined, grown or produced or from which the services are supplied. Goods are produced when, through manufacturing, processing or substantial and major

assembly of components, a commercially recognized new product results that is substantially different in basic characteristics or in purpose or utility from its components.

1.18 "**Day**" means calendar day.

1.19 "**Delivery**" means delivery in compliance with the conditions of the contract or order.

1.20 "**Delivery ex stock**" means immediate delivery directly from stock actually on hand.

1.21 "**Delivery into consignees store or to his site**" means delivered and unloaded in the specified store or depot or on the specified site in compliance with the conditions of the contract or order, the supplier bearing all risks and charges involved until the supplies are so delivered and a valid receipt is obtained.

1.22 "**Disability**" means, in respect of a person, a permanent impairment of a physical, intellectual, or sensory function, which results in restricted, or lack of, ability to perform an activity in the manner, or within the range, considered normal for a human being.

1.23 "**Dumping**" occurs when a private enterprise abroad markets its goods on own initiative in the RSA at lower prices than that of the country of origin and which have the potential to harm the local industries in the RSA.
